[WILCOX RI Sept 5 2016 Sample Request Form Revised 7-5-16.doc](#)

Myra,

Please find the corrected Sample Request Forms for the weeks of September 5 and September 12, 2016. The August 29, 2016 request was correct.

The total number of soil samples does not match our Table 6; however, the number in our table is overestimated, since many of the deeper sample intervals will not be collected due to refusal.

Otherwise the number of soil, water and air samples does match the SAP.

Please let me know if you have any other questions.

Thanks,

Teri McMillan, PG

Myra, please see the attached forms. Please note that these are only estimates as the final schedule of activities has not been developed. Depending on availability of the field crews, sampling could be 5 days per week; 6 days per week; or straight through for a 10-day time frame. I have tried to estimate based on the number of locations expected to be sampled per day. I think this will provide us with a good estimate and start for planning.

I will be out of the office next week, so if you have questions, please call Teri McMillan at (505) 715-4332.

Teri will email an updated Table 6 that has the soil sampling information.

Hi Katrina – Thanks for the SAP. Ray is out until 7/11/16 . I need the attached form completed and submitted no later than 7/5/16. I need to provide ASB information concerning the utilization of our allocation for the remaining of the fiscal year. Please do not hesitate to contact me if you have questions.

Thank you!

Subject: FW: Wilcox Oil company Sample and analysis Plan

Myra, please see the SAP attached. This is a combination plan and a ‘walk through’ of the pertinent QAQC sections is provided in Table 1.

The expectation is that the final contract documents can be finalized in August with a field start time of late-August and early September.

Subject: Wilcox Oil company Sample and analysis Plan

All, please find attached the revised Sample and Analysis Plan for Wilcox Oil Company. Please send or call with any questions.

At this time, we are planning to present this information on July 21 during an open house meeting in Bristow. The expectation is that the final contract documents can be finalized in August with a field start time of late-August and early September.
